ABOUT US:

Milan Baltic grew up as a dairy farmer in Northeast Ohio. He married Amy in 1995 and began trucking in 1998. For four years, he delivered outdoor Amish furniture and propane tanks with his flatbed trailer, followed by three years of delivering dog food to pet stores. In November 2005, Milan began trucking indoor Amish furniture for a large online store. In 2010, Baltic Trucking expanded to haul for multiple stores and manufacturers. Milan and Amy have 10 children, four of whom are married, and three grandchildren!

Now, in 2026, Baltic Trucking operates a small fleet of trucks, enclosed trailers, sprinter vans, and a box truck with two CDL drivers and 4-6 warehouse laborers. We currently work with about 50 retail stores and several wholesale shops. Our warehouse is located at our private home in the country, where we load trailers and perform maintenance on our trucks and trailers.
